

NISSAN NIGHTMOVES 2023

SERVICE, REFUEL and SPECTATOR INSTRUCTIONS

THE DOs & DON'Ts OF SPECTATING (Please read)

1. Cars under competition conditions can lose control and leave the defined road at any time. Do not stand in any areas which are not authorised or which are contrary to the advice of the organisers and officials/marshals.
2. Be prepared. Weather wise, bring hats, ground cover, sun screen and protection in case of rain or cold weather. Food and drink outlets may be provided at the spectator point (refer spectator instructions), but if not, ensure you have some of your own food and drinks available.
3. Park your car sensibly so that it will not obstruct emergency vehicles, competitors, service crews or other spectators. In all cases obey parking instructions given by supervising officials. It is usually best to park your car facing the way out.
4. Do not try to emulate rally drivers. Remember that if you give cause for complaint, it will reflect badly on the rally and the sport as a whole. Drive carefully both to and from spectator viewing areas, and be ready to give way, if necessary, on narrow stretches of road.
5. Please do not take dogs or young children to spectator points. If you have to, make sure they are completely under your control and please make sure that animals and children do not get in the way of competing cars or mechanics or officials when they are working.
6. Fires for personal warmth are allowed. Please do not use any wood that has been cut – only fallen wood. Do not smoke near a car that is being serviced or refueled.
7. At all times keep clear of controls, including from the timing marker to the control area. If control officials ask you to move, please help them by doing so - remember they have a job to do which can be difficult enough as it is. If you do want to see a control point in action, remember to stand well back from the control area.
8. Take your entire litter home with you - it is handy to have a bag or carton in your boot. Cans and paper do not help beautify our forests.
9. At service points do not crowd mechanics when they are working. They would not appreciate it. Neither will you if someone drops a wheel or a sump guard on your foot!

SPECTATOR INSTRUCTIONS (Please Read)

1. Spectators are directed to view the cars whilst standing within the markers indicating the limits of the controlled spectator area - spectating outside those areas indicated is prohibited.
2. Spectators must not stand in prohibited areas and must always stand behind the bunting or barriers which mark the spectator area.
3. The instructions of the Spectator Marshals must be obeyed. The Spectator Marshall has the power to have a stage postponed until the spectator point is controlled to his / her satisfaction.
4. It is prohibited to ignore the spectator instructions and find your own way around. Not only is there a danger of meeting up with an oncoming rally vehicle, but many roads have wash-aways, collapsed bridges, etc. which are potentially hazardous for the driver. The main spectator route has been surveyed and is safe.

NISSAN NIGHTMOVES 2023

SERVICE, REFUEL and SPECTATOR INSTRUCTIONS

Welcome to the 2023 Fast Track Towing and Transport Nissan Nightmoves. We have planned two spectator points for your viewing, one of which is used twice. Both promise a lot of action, combined with the atmosphere you can only get on a night rally.

These instructions include some safety instructions and disclaimers that you should read before heading out. Your presence at any of the points indicates your acceptance of the Motorsport Australia disclaimer found at the rear of this document.

NOTE ON WILDLIFE
Please be aware that there is a lot of Wildlife in this area. Use extreme care when driving – including in the built-up areas.

SPECTATOR POINT 1 and 3

Use the following route chart, map on previous page or QR code for directions to the Spectator Point. This is used TWICE in the event as per the schedule on page 2.

Allow 20 minutes to get to the spectator point. Drive with care and consideration for other road users, WILDLIFE and the surface of the road.

TOTAL	PART	INFORMATION	SIGNPOST
0.00	0.00	TVHR out of Showgrounds (towards Costerfield)	
4.80	4.80	Turn Left	Plantation Rd
6.40	1.60	Start Gravel	(Plantation Rd)
8.90	2.50	SO and Follow Main Gravel	(Plantation Rd)
10.45	1.55	SO and Follow Main Gravel	(Damper Dam Tk)
13.04	2.59	Keep Right	(Stoney Crossing Tk)
14.74	1.70	Spectator Point Please perform u-turn and park on the left side of the road, facing the way you came.	

Cars approach very quickly from a wide, fast gravel road and turn left onto another very fast, main gravel road where they have a long straight to accelerate as much as they can. There is a gutter so some care will need to be taken.

Remember: obey the instructions from the Spectator Marshalls. Please stay behind bunting where directed.

SPECTATOR POINT 2

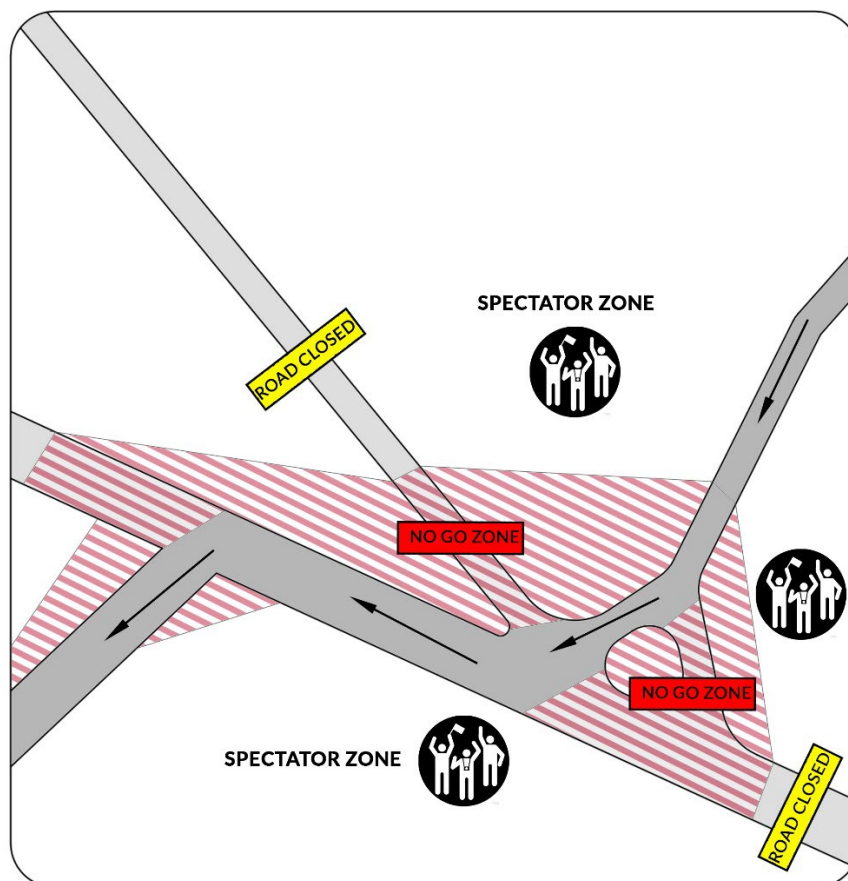

Use the following route chart, map on previous page or QR code for directions to the Spectator Point. This is used ONCE in the event as per the schedule on page 2.

Allow 10 minutes to get to the spectator point from the showgrounds. Drive with care and consideration for other road users, WILDLIFE and the surface of the road.

TOTAL	PART	INFORMATION	SIGNPOST
0.00	0.00	Turn Left out of Showgrounds (towards Heathcote)

2.60	1.60	Turn Right onto gravel with care	Hookes Ln
3.20	0.60	Spectator Point Please perform u-turn and park on the left side of the road, facing the way you came.	

It is different to previous years, in that cars approach from a very narrow, twisty forest track where they will turn right through a complex intersection onto a major dirt road, before turning left off this road onto another narrow track. There's a gutter to make it interesting for drivers trying to cut too much. It's busy for the co-driver to get the calls out so there is a chance to see some mistakes being made!

Remember: obey the instructions from the Spectator Marshalls. Please stay behind bunting where directed.
